

OVERALL GRADUATION RATE AND TRANSFER-OUT RATE

The Overall Graduation Rate is also known as the "Student Right to Know" or IPEDS graduation rate. It tracks the progress of students who began their studies as full-time, first-time degree- or certificate-seeking students to see if they complete a degree or other award such as a certificate within 150% of "normal time" for completing the program in which they are enrolled.

Some institutions also report a transfer-out rate, which is the percentage of the full-time, first-time students who transferred to another institution. We have elected not to report transfer-out rates because our college's mission does not include providing substantial preparation for students to enroll in another eligible institution without completing or graduating.

Note that not all students at the institution are tracked for these rates. Students who have already attended another postsecondary institution, or who began their studies on a part-time basis, are not tracked for this rate.
