RN-BSN

Degree Completion

For over 45 years Casa Loma College educated and trained thousands of licensed vocational nurses that are now playing a significant role in the lives of patients and healthcare organizations within the communities we live in. With the on-going nursing shortage and the call for up to 80% of registered nurses to be bachelor prepared by 2020, which is falling short of the goal, Casa Loma College has become part of the solution by announcing its new **RN to BSN Degree Completion Program**.

Our online RN to BSN program is designed to accommodate your busy lifestyle as a working nurse. The complex world of health care needs more leaders like you. Earning a BSN can help you develop the skills and earn the knowledge needed to advance your career and continue to provide patients with quality care.

Created by nurses for nurses, the curriculum was designed according to the Essentials of Baccalaureate Education for Professional Nursing Practice from the American Association of Colleges of Nursing and builds on the student's previous education and experience.

APPLICATIONS ARE NOW BEING ACCEPTED FOR OUR FALL START!

For more information on the RN-BSN Program, contact Nicholas Walsh-Davis Director of Admissions, at (800) 270-5052 or email at nicholas.walsh-davis@casalomacollege.edu

Lifestyle, Community & Professional Education Center

Life Long Learning

Not everyone who wants to learn is looking for a degree. Casa Loma College’s *Lifestyle, Community, and Professional Education Center* focuses on promoting lifelong learning and improving personal and/or professional knowledge, skills and competence.

Whether you’re looking to advance your career or pursue learning as an end in itself, or as a means to help you make a difference in the lives of others, our Lifestyle, Community, and Professional Education Center has a short course, professional development course, certificate program, or personal enrichment course that will enable you to gain the knowledge you need to get there.

Non-credit and non-degree, our courses have no prerequisites and do not require admission to the College. Courses are taught 100% online by highly respected professionals within their field, with expertise in adult teaching and learning, distance education and online learning, learning in the workplace and in the community.

➤ CERTIFICATE PROGRAMS

UPCOMING EVENTS

September is Prostate Awareness Month

Make sure the men in your life have the latest information about finding prostate cancer and other types of cancer early. All men should talk with a health care provider about their risk and whether prostate cancer screening is right for them. Being informed can help save lives. Have your employees **wear blue** throughout the Month in support!

September is National Alcohol and Drug Addiction Recovery Month

National Recovery month aims to increase awareness and understanding of mental and substance abuse disorders, as well as pay tribute to those who have successfully recovered from addiction. Have your employees **wear red** throughout the month in support!

PTA Application Deadline – November 1st

MRI Application Deadline – November 1st

DMS Application Deadline - November 1st
